

KEEP YOUR GRIP THIS WINTER

Thermal Glove Catalogue 20/21

A thin and flexible fully coated insulated glove. Provides outstanding comfort, combined with a premium grip in dry, wet or oily environments.

The lightweight, fleece-lined glove has a breathable microporous nitrile coating.

Durable and lightweight coating ensures glove longevity in abrasive applications and a high dexterity cut level B.

Ultra-fine coating for maximum tactile sensitivity.

Hand conforming fit for a second skin feel with 360-degree breathability.

Minimized particle shedding with excellent abrasion resistance.

Featuring antimicrobial sanitized® protection, which provides long lasting freshness, keeping bacteria and other microbes including viruses like Coronavirus from settling on the gloves. Also protects against stain formation and unpleasant odours.

SUITABLE APPLICATIONS

- ✓ Goods handling
- ✓ Ground works
- ✓ Labouring
- ✓ Outdoor maintenance
- ✓ Deliveries
- ✓ Yard work
